The Skill Group Masters Weekend— for LifeWorks grads.

You've been asking for it...now you're ready.

Skill Group ---You've loved it and you've hated it and you have learned from it! No other process elicits such emotion and awareness.

When you've mastered Skill Group, you've mastered one of the most transformative tools for change. We've upped the prerequisite to LifeWorks—so when the seminar doors open, you'll dive right into a bigger, bolder “fish bowl” and swim with other courageous learners.

Become a master of observation, reflection and conscious choice. Learn to navigate the subtleties of communication and relating.

During this weekend of amplified practices in communication you will learn to...

- **effectively communicate in the here and now**
- **learn from your current experience using the awareness wheel**
- **listen for the whole meaning**
- **expand ownership and accountability in your language**
- **close loops and form complete communications**
- **build trust in your communications with others**
- **be resourceful in moments of conflict**
- **be clear about what you want moment to moment and express it effectively.**

Join us for an amazing weekend with an audacious community of people who dare to be “communication rock stars”. Dive in!
